At JW Marriott Khao Lak Resort and Spa we share a deep appreciation for our collective role in the vibrant health of our environment and our guests. Our chefs partner with local producers, organic farmers and sustainable fisheries to deliver authentic cuisine for the sophisticated palate. This collaboration is designed to provide unique food experiences celebrating wellness and sustainability.

The resort, situated on serene and pristine Khuk Khak beach, offers an abundance of freshly caught seafood and a wide variety of tropical fruits and vegetables native to Thailand such as coconut, mango, rambutan, lychee, longan, rose apple and pineapple. Our menu items incorporate famous Thai herbs and spices such as lemongrass, lime leaves, ginger, galangal and chili.

Our resort offers an excellent portfolio of food and beverage concepts based on locally grown produce - fresh, organic and with a keen eye on our carbon footprint.

Our in-room dining menu is a reflection of natural and authentic Thai flavors whilst incorporating both international and Asian style comfort food for the discerning traveler.
